

Update KRFL Salary Spreadsheet and Draft Boards as .PDF files

MarkB, Monday 06 October 2014 - 23:27:38

For those of you that cannot or do not want to open these as Microsoft Excel files, I have also uploaded both the Salary Spreadsheet and Draft Boards in .pdf format.

Let me know which file type (Excel or .PDF) you would rather have me post or if you want both versions posted. If there is clear consensus, I will make the change.
