## **Game Patch**

Please install this for **next** week's games (week 8).

An update to the 2014 Football game has been posted at [www.dksports.com/service.htm](http://www.dksports.com/service.htm). Be sure to open/extract the file into programfiles/Football2014. When properly installed the date displayed on the about screen will be the date of the update. After installing click help\about to verify the update was installed properly. Improvements were made in the following areas:

October 13, 2014

- \* Corrects several narrator issues.
- \* Corrects an interception play-by-play that indicates a touchdown when the ball is actually short of the end zone.
- \* Corrects an internet injury issue.
- \* Includes game preferences for box score printouts.
- \* Includes a box score menu option to display game date, game edition and game host.
- \* Corrects leader board penalty display.

## **Trade Deadline**

All proposed trades must be posted by Sunday, 10/26 at midnight.
