

### **2015 Salary Spreadsheet Before Roster Cuts and Contracts**

MarkB, Saturday 10 January 2015 - 17:22:08

I have uploaded two versions of a 2015 Salary Spreadsheet to the League Files section on the website:

An Excel Version (in Excel 2010, a .xlsx file)

An Adobe Reader (.PDF) version

This is your salary spreadsheet **BEFORE** you make any 2015 Roster Cuts and you give contracts to 2014 Rookies and 2014 Free Agents.

Any Veteran Player with a contract that expired after the 2014 season has been removed from your roster.

Any Veteran who tender eligible in the 2015 free agent draft appears at the bottom of the spreadsheet.

If you find any errors or have any questions, please send me an email.
