

KRFL Round 1 File

MarkB, Saturday 09 January 2016 - 18:46:07

The four of you who have already downloaded the Round 1 Playoff file, NEED TO REDOWNLOAD IT!

I thought using the playoff brackets automatically rested the players on teams with a bye. But it does not. That has to be done manually. So I have done it and posted an Updated league file.

Sorry for the inconvenience.
