

KRFL Roster Compliance

MarkB, Friday 05 July 2019 - 08:49:46

Based on my review, all team rosters are in compliance with KRFL rules except as follows:

BRX - Has only one QB. Two are required.

BLK - Does not have a Long Snapper

Before the season begins, these teams need to have their rosters in compliance by the start of the regular season games either by making a trade or signing a player in the pre-season waiver period one week before the start of the season
